MINUTES OF THE NOTTINGHAM TOWN MEETING

March 18, 1978

The Annual Nottingham Town Meeting took place at the Nottingham Town Hall on March 18, 1978. The meeting was called to order by Moderator John A. Perkins at 2:00 p.m.

The meeting was opened with a prayer offered by Dr. George Thomas Fisher followed by a salute to the flag led by the newly elected Selectperson, Elizabeth Kotler.

Fire Chief, Gary Chase was present to extend an invitation to all for coffee and donuts at the fire station immediately following the meeting. Mr. Chase then presented Mr. Edward O. Foss with a 50 year membership plaque from the Nottingham Volunteer Fire Department. A plaque was also presented to Mr. John Foss. Mr. Edward Foss accepted the plaque in John Foss' absence.

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 1 was acted upon on Tuesday, March 14, 1978 at the Town Hall. The polls were opened at 10:00 a.m. by Moderator, John A. Perkins and were closed at 7:00 p.m. by Moderator John A. Perkins.

THE FOLLOWING OFFICERS WERE ELECTED:

<i>Supervisor of Checklist, Alice Sargent</i>6 yrs.

Article 2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows:

Amend Article VIII ENFORCEMENT which now reads:

1. It shall be the duty of the Board of Selectmen and the Board is hereby given power and authority to enforce the provisions of this Ordinance.
2. The Building Inspector shall issue any and all building permits requested when such permit is in accordance with the provisions of the Ordinance except in the following cases:

No building permit shall be issued for new homes or mobilehomes until plat or plans have received the approval of the Building Inspector and the Planning Board. Such application to be acted upon within 30 days or at the next regular meeting, whichever is earlier.

a. Plans to accompany Application for Permit:
Application for permits shall be accompanied by drawing of work, drawn to scale.

- (1) Lot dimensions and area
- (2) Names of abutting streets
- (3) Dimensions of proposed building or buildings
- (4) Dimensions indicating the set-back side and rear clearances.

3. After passage of this ordinance, it shall be unlawful to erect any structure, or building, or alter the bulk of any building or relocate any building in any district, without first obtaining a building permit from the Building Inspector.
4. No permit shall be required for remodeling where the purpose for which the building is to be used is not changed.

Upon any well-founded information that this Ordinance is being violated, the Board of Selectmen shall take immediate steps to enforce the provisions of this Ordinance by seeking an injunction in the Superior Court or by any other legal action.

5. Interpretation and legal opinions in zoning questions to be provided by the Town Attorney.

To be changed as follows:

1. The Building Inspector shall issue any and all building permits requested when such permit is in accordance with all the provisions of this ordinance.
2. In order to promote the orderly growth in the Town of Nottingham, no more than two building permits for residential construction shall be issued per month. Residential construction to include a dwelling house or mobile home but shall not include permits for expansion, alteration or replacement of existing buildings or construction for purpose other than dwellings.

No more than five building permits shall be issued in any calendar year to the same landowner, land developer or in the same subdivision. For the purpose of this section, developer shall include any person having an interest in land or in a corpora-

tion of a realty trust which own land in the Town of Nottingham.

3. A building permit shall be valid for one year from date of issue.
4. No building permit shall be transferable or renewable.
5. If more than two applications for a building permit are received in any one month, the order of preference in the issuance of a building permit if all other provisions of this ordinance are complied with shall be based on the following criteria.
 - A. One point for each year of applicant's legal residence in the Town of Nottingham.
 - B. One point for each year of applicant's ownership of land in Nottingham.

The two highest point totals per month shall determine who the building permits shall go to based on legal years of residence and evidence of years of land ownership as presented to the Planning Board.

6. No building permit shall be issued for new homes or mobile homes until plat and/or plans have received the approval of the Building Inspector and the Planning Board. Such applications to be acted upon within thirty (30) days or at the next regular meeting, whichever is earlier so long as there is sufficient time to send out all legal notices as required by the New Hampshire Revised Statutes Annotated and this Ordinance. All plat plans submitted to the Planning Board shall include a plat plan drawn to scale and shall include the following:

- A. Lot dimension and area
 - B. Names of abutting streets
 - C. Dimensions of proposed building or buildings
 - D. Dimensions indicating the setback, side and rear clearances.
7. After passage of this Article, it shall be unlawful to erect any structure, or building, or alter the bulk of any building or relocate any building in any district, without first obtaining a building permit from the Building Inspector.
 8. This article shall remain in effect until the annual Town Meeting in 1980, unless sooner amended.

Voted in the affirmative. 240 yes 90 no

9. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Nottingham Zoning Ordinance as follows?

Amend Article XI - PENALTY: which now reads:

Every person, persons, firm or corporation violating any of the provisions of this Ordinance shall be fined not more than Ten (\$10.00) dollars upon conviction for each day such violation may exist.

To be changed by deleting Article XI - PENALTY in its entirety and substituting the following:

Article XI — ENFORCEMENT

1. It shall be the duty of the Board of Selectmen and the Board is hereby given power and authority to enforce the provisions of this Ordinance.
2. Upon any well founded information that this Ordinance is being violated the Board of Selectmen shall take immediate steps to enforce the pro-

visions of this Ordinance by seeking an injunction in the Superior Court or by legal action.

3. Every person or persons, firm or corporation violating any of the provisions of this Ordinance shall be fined not more than \$10.00 upon conviction for each day such violation may exist.
4. Interpretation and legal opinions in zoning questions to be provided by the Town Attorney.

Voted in the affirmative. 252 yes 80 no.

Article 4. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

It was moved by Philip Fernald that the sum of \$100,236.43 be raised and appropriated for town charges for the ensuing year. Seconded by Dana Russell.

The budget was presented by Budget Committee Chairman, Earle Rourke, item by item and discussed.

- a. Town Maintenance - The figure of \$30,000 was changed to read \$7,017.43 as Revenue Sharing monies will be put into Town Maintenance under Article 11.

It was moved by Donald Perkins and seconded by Forbes Bryce to change the Town Maintenance figure to \$7,017.43

Voted in the affirmative.

- b. Mr. Rourke announced that trust fund money will be made available for monies for the town beach if needed.

- c. If was brought up by Richard Bengston that it is illegal to raise money for private roads and questioned the monies spent by the town for the upkeep of camp roads. Mr Bengston asked that there be an accurate record of monies spent on camp roads next year. Mr. Bengston feels we are appropriating money for private property.

Those living on lake property who use the camp roads suggested that the town defray their taxes so they can pay for plowing if the town should decide not to plow.

The original motion to raise and appropriate the sum of \$100,236.43 was moved.

Voted in the affirmative.

Article 5. To see if the Town will raise and appropriate the sum of \$2,038.50 in support of the Rural District Health Council Inc. (@ \$1.50 per capita).

It was moved by Mary Louise Fernald and seconded by Robert Bailey to accept article 5 as read.

Voted in the affirmative.

Article 6. To see if the Town will raise and appropriate the sum of \$944.45, the State to contribute \$6,296.34 for Town Road Aid.

It was moved by Philip Fernald and seconded by Thomas Sweeney to accept Article 6 as read.

Voted in the affirmative.

Article 7. To see if the Town will raise and appropriate the sum of \$150.00 to be paid to the Nottingham Historical Society.

It was moved by Earle Rourke and seconded by Robert Bailey to accept article 7 as read.

Mr. Ed Foss spoke concerning the old school house attached to the current school building. Mr. Foss expressed a desire to see the old school house kept in tact and not destroyed.

Mr. John Gardner, Chairman of the Nottingham Youth Advisory Committee, told the meeting that they wish to submit the old school house on the Square and the old school house presently at the current school building, to be placed in the National Record of Historical Buildings. Once the buildings are recorded, they will file to the Federal Government to bring the building up to date for current use. Mr. Gardner feels it would be an ideal place for youth of Nottingham to meet.

The motion was moved and voted in the affirmative.

Article 8. To see if the Town will raise and appropriate the sum of \$500.00 to be used as a contribution for the Raymond Ambulance Service.

It was moved by Robert Bailey and seconded by Kim Gardner to accept Article 8 as read.

Voted in the affirmative.

Article 9. To see if the Town will adopt the provisions of RSA 80:52-a to authorize the prepayment of taxes and the collector to accept same.

It was moved by Donald Perkins and seconded by Mary Louise Fernald to accept Article 9 as read.

Voted in the affirmative.

Article 10. To see if the Town will vote to invest Federal Revenue Sharing in a special fund to be used in accordance with applicable guide lines specific appropriations to be made by vote of the town.

It was moved by Earle Rourke and seconded by Mary Carver that Article 10 be accepted as read.

Voted in the affirmative.

Article 11. To see if the town will vote to appropriate and authorize withdrawal from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for the purpose of defraying Town Costs for highway maintenance for the ensuing year.

Moved by Earle Rourke and seconded by Forbes Bryce that Article 11 be accepted as read.

Voted in the affirmative.

Article 12. To see if the Town will raise and appropriate the sum of \$7,000.00 to tar and sealcoat roads.

It was moved by Philip Fernald and seconded by Earle Rourke to ammend Article 12 to read "To see if the Town will raise and appropriate the sum of \$7,000.00 to tar and sealcoat roads" . . . and to accept a highway subsidy in the amount of \$7,461.37 for construction and reconstruction of town roads.

Voted in the affirmative on the amendment made to Art. 11.

It was moved by Donald Perkins and seconded by Forbes Bryce to adopt Article 11 as amended.

Voted in the affirmative.

Article 13. To see if the Town will raise and appropriate the sum of \$1,500 to finish the Library basement.

It was moved by Laura Whitaker and seconded by Robert Bailey to accept Article 13 as read.

Voted in the affirmative.

Article 14. To see if the Town will formally accept a gift of equipment having an estimated value of \$16,166.24 from Recycling & Conservation Inc.

It was moved by Jed Williamson and seconded to accept Article 14 as read.

It was explained by Board Member, Philip Fernald that the equipment valued at \$16,166.24 has been in use at the Recycling Plant and this is just a formal acceptance of the equipment currently used.

Voted in the affirmative.

Article 15. To see if the Town will vote to elect a Town Clerk for a term of three years.

It was moved by Earle Rourke and seconded by Thomas Sweeney to accept Article 15 as read.

Voted in the affirmative.

Article 16. To see if the Town will authorize the Selectmen to sell property acquired through Tax Collector's Deeds at Public Auction and surplus equipment at Public Auction or Sealed Bid and after being offered at Public Auction or Sealed Bid to sell remaining property at Private Sale.

It was moved by Werner Sachs and seconded by Thomas Sweeney to accept Article 16 as read.

Voted in the affirmative.

Article 17. To see if the Town will authorize the Selectmen to borrow in anticipation of taxes.

It was moved by Jed Williamson and seconded by Werner Sachs to accept Article 17 as read.

Voted in the affirmative.

Article 18. BY PETITION: To see if the Town will vote to designate Priest Road from Freeman Hall Road to Route 152 as scenic under the provisions of RSA 253:17 & 18, for the purpose of protecting and enhancing the scenic beauty of Nottingham.

It was moved by Mort Cherim and seconded by Judith Doughty to accept Article 18 as read.

Voted in the affirmative.

Article 19. BY PETITION: To see if the Town will accept the roads at Nottingham Lake Shores, as shown on Plan #498, dated July 1972 as Revised May 1965. Said Plan was approved by the Town Board and recorded Drawer III, Section H. Rockingham County Register of Deeds.

It was moved by Donald Perkins and seconded by Berton George to accept Article 19 as read with 1 change. To change July 1972 to read July 1962.

Mr. Werner Sachs asked why the article is in the Warrant if the roads do not meet town specifications.

Donald Perkins told the meeting that there are 36 houses, and 31 year round out of the 36. He feels that there is a large group of homes making for a substantial development. The right of way is only 20 feet wide and was approved at the time the lots were sold. The requirement now for right of way is 50 feet.

The roads are now maintained in the Winter with minimal maintenance in the Summer.

Mr. Thomas Sweeney said if all the roads are accepted a strain would be placed on the Planning Board. Mr. Sweeney asked if the roads going off the lake with no homes be exempt.

Mr. Richard Stone, Chairman of the Planning Board, was asked if anything concerning the roads at Nottingham Lake was submitted to the Planning Board. Mr. Stone indicated that nothing had been submitted.

Mr. John Gardner moved the petition be amended to read . . . "for a period of 1 year, the petitioners shall meet with the Planning Board to prepare a jointly acceptable presentation for the town at the following Annual Town Meeting."

Amendment by Mr. Gardner was withdrawn.

The original motion and second was withdrawn by Mr. Perkins and Mr. George.

It was moved by Donald Perkins that the date of July 1972 as printed on the Warrant be changed to read July 1962. Seconded.

Voted in the affirmative.

It was moved by Donald Perkins and seconded by Burton George that "the portion of the roads presently paved by the town."

Mr. Alfred Bonser felt that if it was approved in 1965, to go back and review the situation now would be considered double jeopardy.

Chairman of the Board of Selectmen, Dana Russell, asked the Chairman of the Planning Board, Richard Stone, if he felt that the portion of paved road at Nottingham Lake were brought before the Planning Board, would they be approved? Speaking on his own behalf and not on behalf of the Planning Board, Richard Stone answered that he felt the paved portion of the roads on Nottingham Lake would be approved.

Article 19 was moved. Mr. Donald Perkins worded Article 19 to read: "To see if the town will accept the portion of paved road at Nottingham Lake Shores."

Voted in the affirmative.

The legality of rewording of Article 19 was questioned by the Board of Selectmen and Budget Committee Chairman. The Moderator ruled that the Article had been accepted as reworded and voted on.

Article 20. BY PETITION: Any development, subdivision calling for the erection of more than two separate homes, houses or residences in a year must be presented to the voters of Nottingham, N.H. at a regularly scheduled annual Town Meeting in March, 1978.

It was moved by Forbes Bryce and seconded by Mary Louise Fernald that Article 20 be placed on the table.

Voted in the affirmative.

Article 21. BY PETITION: Any development or subdivision calling for the erection of more than two separate homes, houses or residences in a year must be presented to the voters of Nottingham, N.H. at a regularly scheduled annual Town Meeting.

It was moved by Kim Gardner and seconded by Werner Sachs to table Article 21.

Voted in the affirmative.

Article 22. To transact any other business that may legally come before this meeting.

It was moved by Donald Perkins and seconded that the polls be open next year the same hours as this year.

Voted in the affirmative.

It was moved by Donald Perkins and seconded that a procedure for a split town meeting by the Selectmen be taken up and the Selectmen to set the time.

Voted in the affirmative.

It was moved by William Kyle and seconded to direct the Town Clerk to post the tally of all election results at the Town Hall immediately following the elections.

Voted in the affirmative.

Mr. Forbes Bryce asked that a note on estimate of county tax be reported in next years town report.

Mr. Alfred Bonser thanked the townspeople for their support while he served on the Board of Selectmen. Mr. Bonser then presented the newly elected member of the Board of Selectmen, Elizabeth Kotler, with his keys to the town offices.

It was moved by Richard Bengston and seconded by David Colby to adjourn the meeting at 4:20 p.m.

Voted in the affirmative.

Respectfully submitted,

LINDA J. COLBY
Town Clerk

— TOWN WARRANT —

Thursday	9:30 a.m. - 12:30 p.m.
Friday	9:30 a.m. - 3:30 p.m.
Saturday	2:00 - 4:00 p.m.

The number of hours that the Library is open totals 20 hours, an increase of 2 hours over last year.

A total of 14,656 items were circulated: 9,952 books during school hours to children during their weekly library time; 4,704 books were circulated during non-school hours.

We have added 366 books to our collection during the year, for a total number of 4,607 books. In addition to the permanent collection we borrowed 2,048 books from the Bookmobile of the New Hampshire State Library and through Inter-Library Loans.

Progress has been made in finishing the Children's Room in the basement of the building. Carpeting, heat, lights and painting are completed. The only remaining work to be done is completion of the shelves and the moving of the children's collection to its new location.

The Librarian would like to thank all the people who have donated books and time to the Library during the past year, especially Ariel Parent, Ruth Morris, Betsy Schuster, Margaret Auger, Ann Valarese and Julie Carver.

Libby has completed her Public Library Techniques course given by the New Hampshire State Library and the Department of Continuing Education at the University of New Hampshire. The Library received Certification from the New Hampshire State Library in 1978.

FIRE CHIEF'S REPORT

The Nottingham Volunteer Fire Department answered fifty-six calls in 1978: six structural, fifteen chimney fires, eleven grass and woods fires, four motor vehicle accidents (to wash down gasoline or to just stand by), four electrical fires, one medical aid call, one smoke investigation, one rubbish fire at the Recycling Plant, ten mutual aid calls to Northwood for structural fires and station coverage, and two false alarms - one at the school and the other a reported fire on Merri-hill road. We also had a mock fire drill at Johnson's Dairy Farm, which was conducted by the Concord Capital Area Mutual Aid Fire Compact.

Mutual Aid calls went out to the following Towns to help at the fire scenes or for station coverage: Northwood Volunteer Fire Department, Raymond Volunteer Fire Department, Lee Volunteer Fire Department, Epping Volunteer Fire Department.

The Department held its elections in May with the following results:

<i>Chief</i> , Gary E. Chase	679-5936
<i>Deputy Chief</i> , George Myers	679-8871
<i>Captain</i> , John Fernald, Jr.	679-8802
<i>Lieutenant</i> , Ronald Chase, Sr.	
<i>Lieutenant</i> , Richard Joy	679-5063
<i>Treasurer</i> , John Fernald, Jr.	679-8802
<i>Secretary</i> , Nelson Thibault	679-8459
<i>Dispatcher</i> , Mrs. Jean Fernald	679-8802

November 1978 Lieutenant Ronald Chase, Sr. resigned his position but is staying on as a member of the department. Chief Chase appointed Mr. Nelson Thibault to fill the vacancy until annual elections in May 1979.

Any outside burning requires your having to contact John Fernald, Jr. at 679-8802. He is our Forest Fire Warden in Nottingham. It would be a big help to Mr. Fernald and the fire department if you would contact him any time you intend to burn in the winter months and summer months, also raining or snowing.

To report a fire dial: **679-5757**. Give name, location, and type of fire. Office phone number is 679-5666.

This is your department. It is open to anyone and you are welcome to belong or just come to visit. The meetings are held the first Tuesday of each month. The other Tuesdays we have work nights in which we train with the equipment or clean the station and/or the equipment.

FEEL FREE TO DROP IN SOMETIME.

Respectfully submitted,

GARY E. CHASE,
Chief

**REPORT OF
DISTRICT FOREST FIRE CHIEF
AND YOUR
FOREST FIRE WARDEN**

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fires laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!

REPORT OF THE PLANNING BOARD

During 1978 the Planning Board has been working to implement the changes to the building code in the area of controlled growth. In the middle of the 1970's Nottingham experienced rapid growth as many new subdivisions and new residences were approved. The rate of growth was substantially higher than average growth in Rockingham County due largely to Nottingham's low population density which afforded many suitable building lots. The impact of this growth was clearly felt when the Nottingham School system became over-crowded and new classroom space was needed. While no town can stop growth, each town is responsible for controlling its growth in a manner which allows orderly expansion of town services. Of course, any plan to accomplish orderly growth must be in compliance with applicable legal guidelines.

As a result of the Sounding Board's work, a temporary growth clause was presented to the town in 1978 and approved. The change allows the Planning Board to issue two building permits per month. The effect of this change has been a reduction in Nottingham's growth rate from approximately 13% per year in 1977 to 6% in 1978, a more manageable growth rate. A total of 24 building permits for single family residences were issued in 1978.

The Sounding Board has completed the second year of planning and the members are hopeful that a Master Plan and supporting documents, including building codes, subdivision regulations, and zoning ordinances will be completed for approval by the town in 1980. All our regulations are being reviewed to insure consistency with the objectives of the Master Plan. In addition, long term growth control plans are being developed to ensure orderly growth in Nottingham in future years.

The Planning Board wants to thank the members of the Sounding Board who are contributing their time and efforts to develop a Master Plan for Nottingham. Special thanks are in order for Nina Brown of the Strafford Regional Planning Commission for her professional guidance and personal assistance in making the Sounding Board successful.

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission has temporarily halted its work in developing trail loops around the town in deference to two other interests.

Combined with the efforts of the Recreation Commission, attempts are being made to insure that the Town Beach will remain a scenic and enjoyable place for all.

Moreover, both commissions are currently engaged in a study of the Town's property on Shore Drive in the hopes of creating a seasonal outdoor sports facility (skating in the winter and tennis in the warmer months) without disturbing the adjacent wetlands.

The Conservation Commission has continued its membership in the Society for the Protection of New Hampshire Forests, whose interest in the re-development and renewal of the State's agricultural economy is compatible with many of the Town's land resources. The Society's publication will be available in the library, as will the Conservation Commission on the third Wednesday evening of almost every month. Visitors are always welcome.

REPORT OF THE POLICE DEPARTMENT

For the year ending December 31, 1978, there were 25 dog complaints, 25 auto accidents, 20 house and camp breaks, 16 domestic complaints, 12 court summons served, 8 court cases, 4 stolen cars, 2 stolen canoes, 4 emergency messages delivered, 2 deaths, 3 runaways, 2 attempted rapes, and 2 assists at out-of-town fires.

A total of 1,416 man hours were utilized and a total of 27,253 miles traveled in police duties.

I would like to express my appreciation to assistant Chief Mort Cherim. He is a good officer and has served the department well.

I would also like to say thanks to the New Hampshire State Police, The Rockingham County Sheriff's Department, the Raymond Ambulance Association, and the Epping, Northwood, and Durham Rescue Squads, that have given their services to the Town of Nottingham.

REPORT OF THE NOTTINGHAM RECYCLING CENTER

Total operating expenses for 1978 were \$15,218.40. Recovery and sale of recyclable materials returned \$3,559.85 to the town, leaving a net operating cost of \$11,668.55.

During the past year, the sale of newspaper, scrap metal and glass has been good. The various mechanical problems at the center have been solved and the new can crusher has been installed.

REPORT OF THE RURAL DISTRICT HEALTH COUNCIL - 1978 -

During the past year the Rural District Health Council has seen an increase in services provided by the Council. As the Federal Government studies the cost of health care, there is increased interest in home care and preventive medicine, as methods of reducing costs and improving health services. The Rural District Health Council continues to qualify as a certified home health agency, implementing procedures to continue to provide quality care.

The agency supported the Referral Coordinator at Frisbie Memorial Hospital for four years; with the increase in service and cost of the program, the agency looked to other sources for financial help. In February of 1978 the hospital agreed to reimburse the agency for this program. Mrs. Marie Dexter, R.N. continues to fill this position.

The agency's priority is the care of the sick with services provided in the home.

The staff conducts Adult Health Screening clinics on Wednesday. The first and third Wednesdays it is held in Farmington. The second in Northwood, the fourth in Milton. For a better provision of services the program has changed its schedule and is providing the service twice a month in Farmington. This program cares for a great number of patients. There have been 595 patients seen, with 174 new patients enrolled with 52 direct referrals made.

The staff also participates in the after care program in cooperation with the Strafford Guidance Center and Seacoast Counseling Center.

The council continues Home Health Aide Services through the contract with the Strafford County Home Maker, Home Health Aide Association, and the Portsmouth Area Home Maker Health Aide Association covering Rockingham County Towns. The agency also employs two Home Health Aides, Gail LaRosa and Renee' Wormell. This enables the council to better utilize the professional staff while continuing to provide quality care.

The Child Health Program has once again seen an increase in service. Miss Arlene Thorne, R.N., coordinator of the program remains on the State Child Health Conference Committee. Because of the added case load it was necessary to have additional help. In August of 1978, Mrs. Paula Davis, R.N. was employed to work within this program and also to act as coordinator of the Elderly Health Screening Program.

The Child Health Program offers physical examinations, immunizations, teaching and counseling for ages 0-6 years with an enrollment of 842 children. It also provides a Dental program which includes cleaning and fluoride treatment twice a year, with referrals to local Dentists for follow-up care when needed. This program provided service to 513 children 3-6 years with 163 referrals to local Dentists. Home visits are provided when necessary to assure continuity of care. This is funded in part by the U.S. dept of Health, Education and Welfare, N.H. Division of Public Health, Bureau of Maternal and Child Health grant and the Rural District Health Council.

This year the agency has opened its clinics to school children to make it possible for the schools to raise the level of immunity within the school age child.

The agency is providing the medical component to the Supplemental Food and Nutrition Education Program for Women, Infants, and Children, (WIC) in conjunction with the Strafford County Prenatal Family Planning Program, Inc. The program provided service to 225 children from ages 0-5 years. The food includes, formula, dairy products, fruit juices and cereals.

Transportation being a factor in the areas covered by the agency, the council offers space to the Strafford County Prenatal and Family Planning Clinic to hold a satellite program for family planning once a month.

The agency's dedicated staff is Mary Timmons, R.N., Supervisor, Arlene Thorne, R.N., Paula Davis, R.N., Marie Dexter, R.N., Barbara Drew, R.N., Myrtle Walsh, R.N., JoAnn Pearson, R.N., BSN, Betty Coons, R.N., Alice Ziegra, R.N., BSN, Gail LaRosa, Renee' Wormell, Carl Scholl, RPT, Eleanor Eaton and Junellen Chase.

With the increased cost of the home visit the council feels it is more realistic to increase the charge per visit for the care of the sick. The agency continues to feel that patients who are not covered by insurance are not expected to pay the full charge. The council provides service to any one regardless of ability to pay. This allows the per capita request to remain at \$1.50, from each town.

During the past year the council has made 136 skilled nursing visits, 23 Home Health Aide visits, 2 Physical Therapy visits, 68 Child Health Visits, and 92 children have attended the Child Health Clinic.

Anyone interested in additional information is urged to contact the Rural District Health Council, Inc., P.O. Box 563, 6 So. Main St., Farmington, N.H. 03835. Telephone: 755-2022 - between the hours of 8:00 A.M. - 4:00 P.M. Monday-Friday.

STRAFFORD
REGIONAL PLANNING COMMISSION
1978 ANNUAL REPORT

The Strafford Regional Planning Commission, a community based organization, has grown to a membership of ten towns, over its the year history. It covers 450 square miles from Great Bay north along the Maine-New Hampshire border to Lake Winnepesaukee and west to the Nottingham and Northwood borders. Membership is voted in town and city council meetings, and representatives are appointed by each town, and it is their job to see that policy is set and money spent in ways that serve the planning needs identified by the citizenry. Our commission, working together with the two other planning commissions in the Strafford-Rockingham Region, meets regularly to monitor the work program being carried out by the professional staff. By joining, communities have pooled local funding in order to:

- obtain direct assistance for such needs as master planning and land use controls,
- reach common solutions for water supply, solid waste, and human services coordination,
- match state and federal grants to help carry out its planning programs,
- review and comment on all projects receiving state and federal aid in the region, and
- share full-time planners whom towns could not afford individually.

Regional Programs

In 1978, industrial and residential growth were the dominant issues in our region. Pratt & Whitney, the Seabrook Nuclear Power Station, Advent, and the Lilac City Mall are major new employers which may

stimulate development in our region. In an effort to plan for balanced growth and a manageable tax rate, SRPC did the following:

- *Economic Development Planning* - received approval for Overall Economic Development Program, which means eligibility for EDA assistance for assessing commercial and industrial facilities, and for organizing a Citizen's Economic Development Committee.
- *Coastal Energy Impact Program* - analyzed the impact of Seabrook Nuclear Power Plant on selected communities in the region, and designed a growth management workshop for local officials.
- *Coastal Zone Management* - conducted a series of workshops about proposed coastal zone management legislation, and investigated the possibility of purchasing public access to shoreline with local and federal funds.
- *County Land Advisory Committee* - concentrated on implementing the goals of our Open Space Handbook (published in 1977).
- *Information and Education programs* - prepared and sent appropriate planning reports to member communities, and conducted open workshops and meetings.

Local Technical Assistance

Each member community determines local priorities for technical assistance. Commissioners, members of the staff, elected and appointed officials, and citizens meet to determine which planning projects should be pursued during the year. **Nottingham** chose to continue with the Sounding Board process, and in monthly meetings during the year, we did the following:

- Continued revising the zoning ordinance in order to have it ready by 1980 town meeting. The ordinance is being designed so that it carries out the objectives of the Master Plan. It will “ensure that land use is consistent with the capability of the land to support such use with regard to ecological, aesthetic, and economic considerations.” (Nottingham Master Plan - 1977)

The key to the Sounding Board process is citizen participation, so that the end result is a plan that has come from the people. We urge you to participate with us in the regional planning commission meetings throughout the year, and welcome your inquiries.

WERNER SACHS
Commissioner

REPORT OF THE NOTTINGHAM RECREATION COMMISSION

The month of May found the Recreation Commission and many volunteers busy checking bikes, fixing bikes, and setting up courses for our annual bike rodeo. We used our slalom course again this year as it seems to be ever popular. The winners in each age group received a trophy. There was also a trophy presented for the best decorated bike.

July found Amy Marquis, towel in hand, giving swimming lessons at the town beach. Technique, safety, and up-grading of swimming skills were the foundation of her program. All standards are set up by the Red Cross. This is Amy's second year teaching the swim program. This program has grown tremendously in the number of children it serves. Working with Amy is a pleasure.

Carol Hewitt with her able assistant Dianna York presented the Arts and Crafts at the August Recreation Program. We put Amy Marquis to work again, with the excellent assistance of Doug Nelson, presenting a very exciting sports program.

We had many helpful volunteers working on this summer Recreation Program. Their help and the help of those people who donated supplies is certainly appreciated.

I would like to make an appeal to all people using the Town Beach to try to help us keep it clean by separating refuse into the proper barrels that are provided.

REPORT OF THE NOTTINGHAM HISTORICAL SOCIETY

The School Museum in the Square Schoolhouse was open on Wednesday and Saturday afternoons during July and August through Sept. 16th. Fifty-six visitors made the opening of the Museum a success.

Four regular meetings followed by a program were well attended.

January *Majesty of the West* by Roland Haines.
April *Deerfield Bible Pageant* by Joanne Wasson.
July *Cookout on the Square*.
October ... *Graveyards of Barrington* by Mary Emhardt.

Fund-raising projects included the Strawberry Festival and the Blueberry Pancake Breakfast.

Applications were filed with the National Society for Preservation of Historic Sites for the Dame and Square Schools. The two Schools have been accepted as Historic Buildings.

Article 3. To choose agents and committees in relation to any subject embraced in this warrant.

It was asked by Board Member, David Colby, to dispense with Article 3 until Article 6 is acted upon. As there was no objection the Moderator moved on to Article 5.

Article 5. To see what sum of money the district will raise and appropriate for the support of schools for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.

It was moved by David Colby and seconded by Richard Bengston to raise and appropriate the sum of \$545,618.66. Mr. Earl Rourke, Chairman of the Budget Committee was introduced to read through the budget item by item.

Line 110 - It was voted in the affirmative to raise \$1,925.00 to set the salaries of the School District Officers under Article I.

Line 210 - There was a lengthy discussion concerning \$21,300 for principal's salary. It was explained by Richard Bengston that this salary figure was reached by proration of the proposed principal's salary of \$15,500 should the district go on double session next year. If double sessions should not be necessary next year, then the \$21,300 proposed for principal's salary would be cut to \$15,500. It was noted by the Chairman that the only salary affected by double session is the principal's.

There was discussion concerning salaries for all teachers and monies to be appropriated for new teachers next year. It was noted that 4 new teachers would be needed at a salary of \$34,000 based on a salary schedule previously negotiated.

Mr. Paul Auger spoke concerning the principal's salary. Mr. Auger felt that the proposed \$21,300 for a principal is out of line in comparison of what other administrators get in the area. Compared to the Superintendent's salary of \$18,333.34 and compared with Northwood, Barrington and Strafford on their 76-'77 school year at an average of \$12,762.67. Mr. Auger pointed out that even an increase of 10% or \$14,038.94 is a reasonable idea of what a principal's salary should be.

It was moved by Mr. Auger and seconded by Mr. Foss that line item 210 - principal's salary, be reduced \$7,300.00 to read \$14,000.00

The motion was moved. Voted in the negative.

The voice vote taken on the motion was questioned by Mr. Foss. The Moderator asked for a voice vote on whether or not the Moderator made the correct decision.

Voted in the affirmative.

A hand count was asked for by Mrs. Whitaker.

The Moderator asked to have a hand vote to see if those who voted on the original question agreed with the moderator's decision.

Voted in the affirmative. 64 YES — 42 NO.

Mr. Whitaker moved that line item 210, Principal's salary be reduced by \$7,000.00 to read \$14,300. Seconded by Mr. Barnes.

After further discussion concerning the principal's salary, Mr. Whitaker and Mr. Barnes withdrew their motion.

It was moved by William Clewes and seconded by Mr. Barnes that line 210, principal's salary, read \$15,500.

Mrs. Foss asked to be on record as having asked that monies appropriated for double session go back into an escrow fund to go back to the school fund for next year if unused.

A hand count was taken on the motion.

Voted in the affirmative. 71 YES - 30 NO. This changed the total line item 210 to \$169,208.00 for salaries.

Line 855 - It was moved by Richard Bengtson and seconded by David Colby to change line item 855 to read \$4,185.00 rather than \$4,815 as there was an error in transposing the numbers.

The figure in the original motion to raise and appropriate the sum of \$545,618.66 was changed to read \$539,818.66 because of changes voted on during the reading of the budget.

The original motion was moved reading \$539,818.66.

Voted in the affirmative.

Article 5. To see if the district will authorize the school board to make application for and to receive

and expend in the name of the district, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies, private agencies and/or other sources.

It was moved by Richard Bengtson, seconded by Richard McGowen, to accept Article 5 as read.

Voted in the affirmative.

Article 6. To see if the district will raise and appropriate the sum of \$45,000.00 for a complete set of working drawings for the proposed eight classroom multipurpose room addition to the Nottingham Elementary School.

It was moved by Richard Bengtson, seconded by David Colby, to accept article 6 as read.

Mr. Lieneck of Haines, Lieneck and Smith, architectural firm, was present to answer questions. Mr. Lieneck explained that the figure of \$58,000 for architect fees included all working drawings that would be presented to the government in application for funding for a new school addition.

Feelings were expressed by some that a building, possible a prefabricated commercial type, would be less money and just as acceptable as the one proposed.

Representative of the School Building Committee, Brad Batchelder was present to explain how the committee reached a decision on asking for plans from the firm of Haines, Lieneck and Smith.

Mr. Lieneck explained that Federal Funds will be applied for at 100%. The firm will make the application.

The School Board agreed not to wait beyond July for an answer for funding from the government. It was felt that the building should be completed a year from September.

It was moved by Mr. Barnes and seconded by Mrs. Daland to ask for a paper ballot vote on Article 6.

Voted in the affirmative. 76 YES - 36 NO.

Article 2. To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.

It was moved by Richard Bengtson and seconded by Richard McGowen that as all reports have been printed in the town report, Article 2 be accepted as read.

As there was no objection the Moderator moved on to Article 3.

Article 3. To choose agents and committees in relation to any subject embraced in this warrant.

It was moved by Richard Bengtson and seconded by Richard McGowen that the present Building Committee become the School Building Committee for the next year or until completion of the proposed addition.

Voted in the affirmative.

Article 7. To see if the District will authorize the School Board to make application for and to accept and expend, in the name of the District, Federal funds from the Economic Development Administration, an agency of the U.S. Department of Commerce, for the construction of an eight (8) classroom multipurpose room addition to the Nottingham Elementary School.

It was moved by Richard McGowen and seconded by David Colby that Article 7 be accepted as read.

It was moved by Mr. Foss that a paper ballot be taken

Voted in the affirmative. 85 YES - 14 NO.

Article 8. To see if the District will vote to authorize the School Board to appoint a planning committee to study the possible formation of an AREA/cooperative high school district with surrounding communities.

It was moved by Mr. Donald Perkins and seconded by Richard Bengtson that the School Board be authorized to appoint a planning committee to study the possible formation of an AREA/Cooperative high school district with surrounding communities and to investigate other means to provide for secondary school needs.

Voted in the affirmative.

Article 9. To see if the district will vote to raise and appropriate the sum of \$2,500.00 for a contingency fund as provided by the New Hampshire Revised Statutes Annotated 196:4b.

Moved by David Colby and seconded by Richard McGowen that Article 9 be accepted as read.

Voted in the affirmative.

Article 10. To see if the District will raise and appropriate the sum of \$4,000.00 for the purchase of approximately 4.2 acres of land adjacent to the present school property.

It was moved by Philip Fernald and seconded by Derek Terreson to accept Article 10 as read.

Voted in the affirmative.

Article 11. To transact any other business which may legally come before the meeting.

It was moved by Richard Bengtson and seconded by Richard McGowen to adjourn the meeting.

Voted in the affirmative.

The meeting was adjourned at 11:15 p.m.

Respectfully submitted,

LINDA J. COLBY,
Clerk

SCHOOL HEALTH REPORT

The Health Program for the year 1977-78 was carried out in the usual manner. The annual mini-physical, and Audio and Visual screening of every student. Parents were notified if a problem existed.

Pre-school Vision and Hearing Screenings were offered through the State Department of Health and sponsored by the Saddle Back Mountain Lions Club.

A Dental Clinic, made possible by town organizations, benefited 14 children in grades 1-4. Dr. David Gruette was the Dentist, transportation was furnished by Women's Club members: Miss Lillian Larsen, Miss Julia Case and Miss Mary Louise Fernald.

Grades 5-8 were given Tine Tests in conjunction with class study and discussion of Diseases of the lung.

An up-date Immunization Clinic was held at the Library for grades 1-8. Dr. Sara Oxnard the attending physician, and assisted by the Rural District Health Council, the following was accomplished:

Diptheria-Tetanus	60
Oral Polio	28
Measles	29
Tine Tests	45
Measles, Mumps, Rubella	12
Mumps	51
<hr/>	
Total	225

Alcohol and Drug Abuse was presented and discussed in grades 7-8. The speaker, Mr. David Wilson, from the State Department, Division of Public Health, conducted the program on Alcohol and Drug abuse.

Grades 5-8 were instructed in First Aid by a Representative Red Cross Teacher in Durham.

Grade 5 girls were presented a film on "The Wonderful World of Being a Girl", followed by a discussion.

All grades received health instruction with films when possible.

The School Nurse attended all meetings and workshops in regard to Special Education as a member of the Special Education Committee. She also attended the State School Nurses Meeting.

I wish to express my appreciation to the Superintendent, the School Board, the Principal and Staff for their cooperation.

Respectfully submitted,

JEAN B. FERNALD, *R.N.*

Epping	2				2	\$1344.00
Salem			1		1	\$1367.80
Totals	27	25	31	26	109	

In addition the District is supporting the following pupils: Two at Great Bay School at \$2300.00 each; One at Rockingham at \$2462.00; One at Clark School for the Deaf at \$3976.00; Two at Dover High School at \$1560.00 each; One at the Moore Center at \$2780.15; and One at the New Franklin School. These students are handicapped and require special programs not available in Nottingham.

I am sure that many Nottingham citizens have observed the \$1,000,000.00 in the School District Warrant to bond the construction of a multi-purpose room and eight classroom addition. The proposed construction warrants the close attention of the voters for several reasons:

1. It would appear that the Community has a need for a hall sufficiently large enough to allow all registered voters to attend a public meeting.
2. At the present rate of growth in our school age population, the eight classrooms become a necessity if we are to maintain the quality of education which has been the traditional hallmark of the Nottingham School District.

The Building Committee composed of George Carver, Ann York, Brad Batchelder, Robert Carlson, Philip Fernald, Joseph Leddy and Derek Terreson have spent many long hours on planning this proposal. I wish to take this opportunity to thank the building committee for their tireless devotion to the project and to state publicly that I recommend the passage of the bond issue in question.

In April of 1978 the State Board of Education adopted an original document entitled GUIDELINES FOR THE IMPLEMENTATION OF NEW HAMPSHIRE ACCOUNTABILITY PLAN. The purpose for this action was to require each school district to re-evaluate its current curriculum, teaching techniques and testing procedures in order to insure the accountability of the district's educational programs to the citizens. In anticipation of this decision by the State Board of Education, this office has been stressing the importance of curriculum development to all principals in the Supervisory Union since 1976. Faculty curriculum efforts from throughout the Supervisory Union were reviewed and consolidated this past summer by an accountability/curriculum committee composed of teachers from the various school districts. Mrs. Elizabeth Sanborn served on this committee as the teacher representative from the Nottingham School District. After many long hours and much effort, the committee developed common educational objectives and identified specific learning tasks to be mastered by the pupils. We are presently working on reviewing our current achievement test, the Science Research Associates Achievement series, to determine the validity of this test relative to its ability to assess the progress of our pupils. The intent of this plan is to identify any necessary curriculum modifications in order to insure that our pupils are achieving the basic rudiments of a sound education.

As I stated in this report two years ago, one of the most far reaching laws to be passed in recent years in terms of the impact it will have on local school district budgets is P.L. 94-142. Subsequent to the passage of this new Federal law, our own New Hampshire Legislature passed House Bill 16 which caused a significant alteration in the budgetary process through a revision of State law R.S.A. 189-A. Prior to passage of H.B. 16, local school districts were only required to budget up to double the State wide average tuition rate for the handicapped child in question in the event that the child required specific schooling outside of the school district. If there were any excess costs for such an out-of-district placement of a child, the receiving school would bill the State Department of Education directly for the additional costs. H.B. 16 has revised

State law R.S.A. 189-A to the point where the local school district must pay the entire cost of educating a handicapped child for whom an out-of-district placement has been deemed necessary. While the local school district liability remains the same at double the State wide average tuition rate, the revision of State law requires the local district to submit a reimbursement request to the State Department of Education for the excess costs. This action has forced local school districts to budget the full costs of out-of-district placements on the expenditure side of their budgets and to show the anticipated reimbursements from the State Department on the estimated revenues side of the budget. For this reason, at first glance it would appear that our Special Education costs at the local level have sky rocketed dramatically when in reality the actual cost to the local school district has not risen as rapidly as the combined figures would indicate to be the case.

In addition to conducting the normal curriculum development activities and bringing the school district into compliance with the new Special Education legislation, this office will be assisting the School Board and administration in developing an awareness for the new school financial accounting system referred to as Financial Account Classification Handbook II Revised. This newly mandated financial accounting system must go into operation as of July 1, 1980. While it appears that this new accounting system will make a school district's budget and bookkeeping more complex in terms of additional paperwork, it will enable the school boards to retrieve information more rapidly which should contribute to more effective management decisions.

The Federal and State governments have placed a large degree of Importance on energy conservation practices through the passage of the National Energy Act. Local school districts may soon become eligible for 50/50 matching grants totaling 1.5% of a respective school district's total energy costs for the preceeding year. These grants according to our latest information will enable school districts to contract for the proper insulation of ceilings, the installation of combination windows, renovation of existing heating plants, etc. This office will assist local school districts with the application process for these funds.

In summary, we wish to express our appreciation to the members of the School Board, the teachers, pupils and citizens for the cooperation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goal will continue to be the best possible education for our young people.

Respectfully submitted,

BARRY L. CLOUGH
Superintendent
